
Designer villa with pool in the South of Mallorca

I am Manuela, a passionate host and self-employed Bachelor professional of tourism. I look forward to seeing you :-)

Built in 2017, my finely furnished villa is located 170 m from the sea in the south of Mallorca, in the former fishermen village of Sa Ràpita. It has 165 m² of living space, a suite with private sea view terrace and ensuite bathroom, another 3 beautiful double bedrooms and 2 bathrooms, an open kitchen with dishwasher, American fridge with ice cube and cold water dispenser and open connection to the living-dining area with 55" Smart TV, a nice pool, several terraces for retreat, well-maintained grounds and a huge, secluded roof terrace with sun loungers and chilling area.

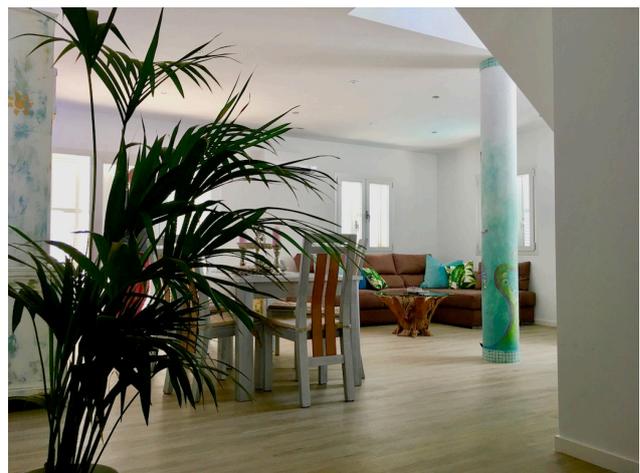

The entire house is for max. 8 + 1 persons (1 guest airbed on request in the suite or one of the other rooms possible). Wi-Fi is free! A pellet oven brings you warm and cosy through majorcan wintertime and the A/C in the bedroom helps you as well.

Along the coast road there are nice cafés and bars where you can enjoy a fantastic sea view and Spanish hospitality at reasonable prices.

If you like it lonely, there is also a small, hidden natural beach in a nature reserve nearby - I'll gladly show you where to find it ;-)

Here you can see photos of the individual rooms.

Mi casa es su casa!

This is what the hospitable Spanish say, and they mean, you feel at home here, but please treat the house as if it was yours!

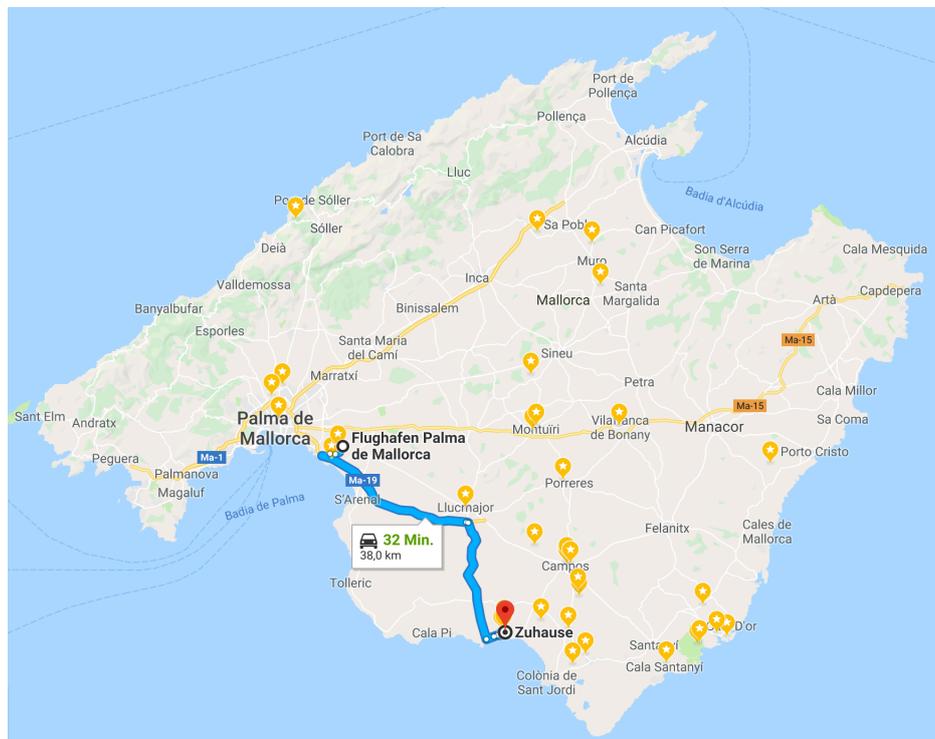

If you want to wash your clothes, you may use the washing machine or dryer.

This area is quiet, there are no pets in the house, so it will expect you a relaxed domicile. Of course, your bed is freshly made and I will provide you with a small and a large towel for free. Please bring your own towels for the beach.

Sa Ràpita is located in the South of the island and can be reached in 25 minutes by car from Palma de Mallorca Airport. The small Majorcan, former fishermen village is located almost directly on Es Trenc beach. It is considered to be the Caribbean of Europe: the sea is turquoise and the sandy beach is incredibly white and fine.

Mallorca is best to explore with a rental car. Parking is available enough in front of the house! You can also reach my place by bus.

If you do not have a rental car, I can organize a shuttle service to pick you up from the airport (45€/way).

This house is interesting for individuals, couples or families.
